# **DIRECTORY OF PROJECT DIRECTORS OF PROJECTS INCLUDED IN THE ADP 2017-18**

**Implementation Monitoring and Evaluation Division (IMED)  
Ministry of Planning  
Government of the People's Republic of Bangladesh**

**March 2018**

## **PREFACE**

The project director is typically the project's focal person. The director reviews regular progress reports and makes staffing, financial, or other adjustments to align the developing project with broader outcome goals.

Performance of Government development activities depends on the accomplishment of targets by all PD's together. For proper co-ordination of the PD activities effectively, the availability of a PD Directory is very essential. In the Financial Year 2017-18 a total of 1368 projects under 57 Ministries/Divisions are included in the ADP. These projects are being implemented throughout the Country. This directory contains the names, academic disciplines, designation, phone/mobile & fax number, e-mail addresses, office & residential addresses of Project Directors updated up to March 2018.

Project implementation is the most significant stage of a project cycle. During project implementation, the project directors play vital roles to achieve the objective of the project. During the project implementation period various authorities from concern agencies including Ministries, Divisions, Planning Commission, IMED, Prime Minister's Office, Parliament and different development partner's need to communicate with the PD's. The directory can facilitate the authorities or other stake holders to communicate with the PD of the project. Thus this publication can be a useful means to all concerns.

I would like to extend my thanks to all the Ministries/Divisions/Agencies and officials concerned for helping in preparing and publishing this Directory.

March 07, 2018

**Md. Mofizul Islam**  
Secretary  
Implementation Monitoring &  
Evaluation Division (IMED)
